## Odd Fellows – Worcester, MA

# ODD FELLOWS

*Constructed in 1906 by the International Order of the Odd Fellows, this historic building stood vacant for over 30 years. Now, after three years of effort, the Odd Fellows has been beautifully restored and preserved as an example of Beaux-Arts Classicism form of architecture, with exposed columns, casings trim, and tongue and groove flooring all restored to its original luster.*

The Odd Fellows is located along the Gateway to the Worcester Arts District, halfway between Clark University and Worcester's Downtown Business District. The building was renovated in conjunction with the adjacent former Mart Building, which is now a 52,000 square foot regional supermarket. The Odd Fellows Loft Apartments completion provides one of the critical foundations for the Worcester Arts District and represents a major milestone in the City's efforts to develop a vibrant and functional Arts District.

The Community Builders, Inc. (TCB) recently completed \$4.3 million in renovations of this historic building, which now features 24 one and two bedroom mixed-income residential units. Amenities include refinished original architectural, expansive common areas, marble and wood fireplaces, spiral staircases, ornate columns and over 9,500 square feet of commercial space.
